Mission Statement

We are a tribal organization of the native community of Seward created to promote the unity, self-determination, and empowerment of our members and other native people residing in the Eastern Kenai Peninsula by providing services that will strengthen the people by increasing opportunities, and enhancing their mental, physical, and spiritual well-being, in harmony with our people, land and heritage.

Qutalleq Land Acknowledgement: Let us acknowledge that we are on the homeland of the Sugpiaq/Alutiiq People, who have lived and thrived on this land for thousands of years. We ask that you respect and acknowledge the culture, Sugt'stun language and their history. Let us honor the Native way of life in modern times as they continue their subsistence practices, cultural traditions and speak their language.
